Saint Paul Lutheran School

CALL FOR RESUMES BEGINNING MID AUG 2022

Saint Paul Lutheran School, 18 S School Street, Mt. Prospect, IL is seeking Early Childhood Teacher/Extended Care Coordinator to begin the 2022-2023 school year.

Saint Paul is located in a lovely suburb northwest of Chicago. Our church is large, vibrant, and full of young families, and our school has recently experienced a growth spurt! www.saint-paul.org

Please email resumes to school@saint-paul.org

Saint Paul seeks a teacher for a full time position with a passion for the youngest learners – ages 3 and 4 – in a multi-age classroom. We're looking for someone who will foster in our students a love of discovery and a love for each other, while building a foundation for the school years to come. You'd be teaching daily from 11:00am – 3:00pm and then coordinating our After-school extended care program, on a school-calendar schedule.

The ideal candidate has an Illinois Teaching License, as well as Early Childhood teaching experience, OR is on the way to a teaching credential in Early Childhood. Our school is a faith-based institution, therefore, a candidate who is an active participant in a Christian Church is preferred. In addition, our next teacher must:

- Prove a knowledge of EC pedagogy and the developmental needs of early learners.
- Provide a motivating and stimulating learning environment for all students, embracing the necessary dynamics for differentiated learning.
- Understand and adapt to the range of student needs across a developmental spectrum with patience, flexibility, humor, and empathy.
- Build positive relationships with students while establishing and maintaining appropriate standards for behavior in class.
- Build positive relationships with parents, keeping them updated on student academic and behavioral progress.
- Work in a team environment, and embrace the team concept between departments to provide the most comprehensive and inclusive approach to student needs.
- Attend meetings regularly.
- Assess and report on student progress in a timely fashion.
- Respond to electronic communication in a timely fashion.

Interviews will begin soon, and will continue until we have found just the right teacher! Could that be YOU?
