

Welcome Families to our newly founded, Comet University (CU). Our institution was founded in Spring 2020 to offer engaging online fun for students of all ages. What will your child major in this summer?

I'm pleased to have my team of counselors, professors, and coaches pull together summer programming for your child. CU will have opportunities throughout the summer for your child in 'major' in various subject areas, trying a variety of classes.

Every Tuesday, we will publish our Course Catalog via email, and also post classes on Facebook, Instagram, and through our Saint Paul Lutheran Church newsletter. Be sure to keep up with our latest course offerings so you don't miss a great opportunity. Each course will have their own sign-up. We will provide you with the link, and then you can read about the course, determine if it is the right fit for your child, and then sign-up.

Although CU is a virtual university, we do want to give your child a real Comet t-shirt to wear proudly as a member of our very first CU class. T-shirts are available for a limited time, so please reserve one for your university student today:

Orders must be in by June 30<sup>th</sup> and pick up directions are TBD.

Each course in our CU catalog has a suggested age range for the course. You are welcome to join in as many courses as you'd like. As the summer continues, we will be adding new courses. Our summer quarter begins with some courses on June 22<sup>nd</sup> and end on August 14<sup>th</sup>. Be sure to check the dates for each course when you sign-up.
